Mark Master Masons of London**

An Introduction to LOSO

(Lodges Of Special Opportunity)

We are aware that in many of our Lodges there could be rather a protracted period of waiting until the new Mark Master Mason has worked his way through the nine offices before reaching the Master's Chair. We fully understand that this can sometimes appear a very lengthy process to experienced Masons and can be quite daunting particularly to those who would like things to be swifter.

Working in conjunction with some of the smaller of our Lodges, we have developed an agreement with these Lodges that should you wish to progress through the Master's Chair in a shorter time-frame, these Lodges are pleased to help by accelerating your progress to enable you to save up to 50% of qualifying time. Without leaving your present Mark Lodge, you will need to join one of our LOSO Lodges and make a commitment to them to remain within the lodge for some years after relinquishing the chair. After all, they will be supporting and assisting you on your journey so it is only reasonable to ask for you to show your LOSO lodge all the support and assistance you can give.

There follows a list of the LOSO Lodges with a very brief sentence or two which we hope will help you to select one or two to move forward with. Your initial contact should be through the Provincial Grand Secretary, whose email address is below. We look forward with anticipation, as a Province, to watching your progress in London Mark Masonry.

Robert Anderson, Provincial Grand Secretary.
